POPULATION OF NEW YORK BY COUNTIES AND TOWNS,

Census of 1890.

Cities are indicated by a *. The population of villages is also given, the names of villages being in *italic*, and immediately following the town in which they are located. The population for the town *includes* the population of any village or villages in that town. Where a village lies in two counties or towns, it is given with the town containing the larger portion of the population.

TROY STREET DIRECTORY.

Giving the name of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Second street No. 168 comes, look at Second street, on page 14, and find that Liberty street crosses at 156, and Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

FIRE ALARM TELEGRAPH.

CENTRAL OFFICE, ARBA READ STEAMER HOUSE.

Location of signal stations, and rules and regulations to be observed in giving an alarm of fire.

Directions to those holding Signal Station Keys.

If a fire is discovered in your immediate vicinity, go to the nearest Box. Pull the Hook all the way down *once* and let it go; wait a minute and if you hear no tap in the Box, or alarm from the Bells, go to the next nearest Box and pull the Hook as before.

If convenient, wait at the Box and direct the Firemen to the fire.

CAUTIONS.

1. Never open the Box, or touch the Hook except in case of fire *near you*.
2. Never pull the Hook when the small Bell in the Box is tapping.
3. Never let the key go out of your possession, except to some known responsible person, to give an alarm.

EVERY POLICEMAN HAS A KEY.

NOTICE.

Complaints concerning the working of the Fire-Telegraph, Irregular Striking of the Bells, or Tapping of the Boxes, etc., should *in all* cases be made to the superintendent, James Knibbs, at the Fire Alarm Office, Arba Read Steamer House

MANNER OF STRIKING ALARMS.

Alarms of fire will be sounded by striking the Number of the Signal Stations on the City Hall, St. Joseph's, St. Mary's, St. Patrick's and St. Michael's Church Bells, 3d Precinct Station House, and the Engine House Gongs, as for example: For Station No. 3, three consecutive blows, followed by an interval of twelve seconds; Station No. 35, three blows with an interval of five seconds; then five blows, followed by an interval of twelve seconds between the one and seven; Station No. 172, an interval of five seconds between the seven and two, followed by an interval of twelve seconds.

JAMES KNIBBS,
Superintendent Fire Alarm Telegraph.

MARY ALICE KNOX, A.B.

This historic school, established by Mrs. Emma Willard in 1814, conducted by her son and daughter from 1838 to 1872, and from 1872 to 1895 as a day school by Miss Emily T. Wilcox, is now open to both boarding and day pupils, and is under the charge of Miss Mary Alice Knox, A.B., formerly a professor in Wellesley College.

The school is thoroughly reorganized and conforms to the most modern standards and methods of work, thus affording to pupils from Troy and from abroad the best facilities for education.

During the past year additions have been made to the library and to the science apparatus, and further additions will be made in the year to come.

The school has an exceptional equipment in its three new buildings, which afford unexcelled accommodations both for work and home.

The Gurley Memorial Hall, a granite building with brown stone trimmings, contains the assembly room, class rooms, laboratories, library, office, etc.

The Anna M. Plum Hall contains the studios and offices for the departments of Music and Art; also an organ room with a fine pipe organ.

The Russell Sage Hall is used entirely as a home for the members of the faculty and the pupils of the boarding department. It is commodious and beautiful in all its appointments.

The 84th year opens September twenty-second, 1897.

This Company owns the entire water power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls. Aggregate fall, one hundred and twenty feet, giving nearly ten thousand horse-power. The Company's gate house and dam are among the finest structures of the kind in the United States.

The canals are so constructed as to give a succession of falls from one canal to another, varying in height from twelve to twenty-five feet. The power is leased by the Company, with land for factory building, in perpetuity, at an annual rental of about twenty dollars per horse-power, and considering the quality, is the cheapest in the country. It is an unfailing power; and during the past few years, while most of the water powers in the country have failed for a time, Cohoes has had an abundant supply, without one minute's stoppage. About one-third of this magnificent power is unappropriated, and appurtenant thereto are some of the finest factory sites to be found anywhere.

Cohoes is situated at the confluence of the Mohawk and Hudson Rivers, about four miles from Troy and ten from Albany, and is eligibly located with reference to New York and other markets, and possesses superior advantages for transportation to market, either by river, canal or railroad, having two canals and two railroads running through it. It is a thriving young city of nearly twenty thousand inhabitants, and contains some of the finest cotton and other factories in the United States.

THE COHOES DAILY NEWS,

FOUNDED SEPT. 22, 1873.

The NEWS is the oldest and leading Newspaper of the City, reaching every class of readers.

The NEWS has a large circulation and is an excellent advertising medium.

A well equipped Job Printing department is connected with the NEWS, where special attention is paid to

COMMERCIAL AND THEATRICAL PRINTING.

TELEPHONE NO. 3156.

COHOES DAILY NEWS CO.

OFFICE NO. 55½ MOHAWK STREET, FOOT OF FACTORY.

COHOES EVENING DISPATCH.

Published Daily every Afternoon, excepting Sundays.

PRICE ONE CENT. - - - - - ESTABLISHED 1884.

OFFICE, 92 ONEIDA STREET.

The DISPATCH leads all others in standing, influence, circulation and news. Superior newspaper equipment. Prints four and at times eight pages. The DISPATCH is printed on a fast PERFECTING PRESS, the only one in the city, which has a capacity of printing more than 200 complete papers per minute. In the DISPATCH plant there has been recently installed a full battery of MERGANTHALER LINOTYPES, all of which afford every possible advantage to make an up-to-date newspaper. This has been done to meet the requirements and needs of its large clientage. The DISPATCH carries more advertising annually than all the other city papers combined. Merchants in this city and vicinity acknowledge its worth and value, as a money getter, by the unlimited patronage accorded it. Sample copies sent on application.

WARD BOUNDARIES.

The city is divided into six wards, bounded and described as follows:

FIRST WARD — All that part of the city included within the following lines, to wit: Commencing at a point in the Mohawk river, where the centre line of Vliet street extended intersects the boundary line of the city; thence westerly along said line and the centre line of Vliet street to its intersection with the Erie canal; thence southerly along the centre of said canal to the centre line of Newcomb street, extended westerly to the centre of the lands of the N. Y. C. & H. R. R. Co.; thence westerly along said line to the centre of said railroad company's lands; thence northerly and westerly along the centre line of said railroad company's lands to its intersection to the northerly boundary line of said city; thence northerly and easterly along the boundary line of said city to the place of beginning, shall comprise the first ward.

SECOND WARD — All that portion of the city comprised within the following lines, to wit: Commencing at a point in the Mohawk river, where the line of Vliet street extended intersects the boundary line of the city; thence easterly and southerly along said boundary line and the centre of the south branch of said river, as it flows easterly of Simmons' island, to a point directly east of the south end of said island; thence in a direct line to the point of intersection of the centre of Pine street, with the centre of the Champlain canal; thence along the southerly boundary line of the second ward of the village (now city) of Cohoes to its intersection with the Erie canal; thence northerly along the centre of said canal to the centre of Vliet street; thence easterly along Vliet street and the line of Vliet street, extending to the place of beginning, shall comprise the second ward.

THIRD WARD — All that part of the city comprised within the following lines, to wit: Commencing at a point, in the centre of the south branch of the Mohawk river, directly east of the south end of Simmons' island, thence southerly along the centre of said south branch to a point where the centre line of Cedar street, extended easterly, intersects the same; thence westerly along said line, and the centre line of Cedar street to the centre of Saratoga street; thence in a direct line to the centre line of Columbia street, where it intersects the centre line of Mohawk street; thence westerly along the centre line of Columbia street to the centre line of the Erie canal; thence northerly along the centre line of said Erie canal to its intersection with the centre line of Newcomb street, extending in a direct line to the centre line of the New York Central railroad; thence easterly along said line of Newcomb street, and the southerly boundary line of the second ward of said city, as hereinbefore defined, to the place of beginning, shall comprise the third ward.

FOURTH WARD — All that part of the city comprised within the following lines, to wit: Commencing at a point in the westerly bounds of the city where the centre line of Columbia street produced westerly would intersect the same, and running thence easterly along the centre line of Columbia street to the centre line of Mohawk street; thence southerly and easterly along the center line of Mohawk street to its intersection with the centre line of Saratoga street; thence along the centre line of Saratoga street to its intersection with the centre line of Cedar street; thence easterly along the centre line of Cedar street and the same extended easterly to the intersection thereof with the centre line of the south branch of the Mohawk river; thence along said last mentioned centre line of said south branch of the Mohawk river to its point of intersection with the boundary line of said city near Dyke avenue; thence in a southerly direction along said boundary line to its point of intersection with the southerly boundary line of said city; thence along said last mentioned line to the westerly boundary line of said city; thence along said last mentioned line to the place of beginning, shall comprise the fourth ward.

FIFTH WARD — All that part of the city included within the following lines, to wit: Commencing at a point where the centre line of the Erie canal intersects the centre line of Columbia street; running thence northerly along the centre line of the Erie canal to a point where it intersects the centre line of Newcomb street extended, in a direct line to the centre of said canal; thence westerly in the direct line of Newcomb street extended to the centre line of the lands of the New York Central and Hudson River Railroad Company; thence northerly along the centre line of said lands to the northerly boundary line of said city; thence westerly and southerly along the northerly and westerly boundary lines of said city to their point of intersection with the center line of the Boght road (now called Manor avenue); thence southerly along the westerly boundary line of said city to the centre line of Columbia street; thence easterly along the centre line of Columbia street to the place of beginning, shall comprise the fifth ward.

SIXTH WARD — All that part of the city comprised within the following lines, to wit: Commencing at a point in the centre line of that portion of the south branch of the Mohawk river flowing between Simmons' island and Van Schaick's island where the same is intersected by the center line of Ontario street; running thence in a northeasterly direction along the centre portion of said south branch of said Mohawk river to the northern boundary line of said city; thence along said last-mentioned line to the easterly boundary line of said city; thence southerly along said last-mentioned line to a point in the Hudson river east of the mouth of the middle sprout of the south branch of the Mohawk river; thence westerly along the centre line of said middle sprout to the centre of said south branch; thence northerly and westerly along the centre of the said south branch to the place of beginning, shall comprise the sixth ward.

ALWAYS SHARP SHOD WITH THE NEVERSLIP

THESE CALKS ABSOLUTELY PREVENT SLIPPING AND ARE

ONE TRIAL WILL CONVINCE YOU.

Your horse being **always sharp shod, is ready for work.** His feet are **always** in good condition, and he is **not** constantly at the blacksmith's being sharpened, which ruins his feet, causing great expense and loss of time to you. Remember, once shod with "Neverslips" you can easily put in new Calks when needed **without removing** the shoes.

BE SURE your horse-shoer has "Neverslips" on hand; have him SHOE WITH NO OTHER. Send your address for descriptive circular with full information, MAILED FREE.

OFFICE and WORKS, 150 FOURTH ST., between Congress and Ferry Sts., Troy, N. Y.

The Central Steam Carpet Cleaning Works has a new surprise for you this year. Don't throw away your old carpets; have them made over into beautiful Oriental Rugs. The cost is small and the rugs are beautiful.

I make the LAYING, MAKING OVER AND RE-FITTING CARPETS a special part of my business. Orders for LAYING, RE-FITTING, &c., promptly attended to.

ALL CARPETS ARE LAID BY FIRST-CLASS CARPET LAYERS.

Having again enlarged my works, and using none but the Latest Improved Machinery, also having put in a Large, New Super-Heating Steam Boiler and New Feather-Renovating Machinery, which is especially adapted for my work, I am enabled to execute all my work promptly and in the most satisfactory manner. A trial of my Improved Process is respectfully solicited.

Cleaning FINE DOMESTIC and IMPORTED RUGS, CURTAINS and DRAPERY a Specialty.

NICE, CLEAN WORK SPEAKS FOR ITSELF.

All orders by Mail or Telephone will receive prompt attention, and the work will be returned in a satisfactory manner. I employ none but experienced men. TELEPHONE 950.
